The Problem

WHY #1: Why does this problem happen?

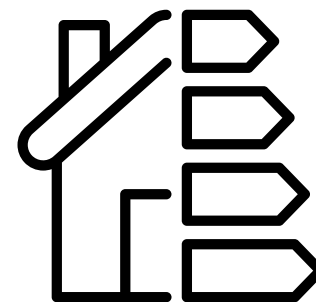

Medical Conditions

High blood pressure, Parkinson's disease and chronic dizziness

Physical Conditions

Decreased mobility, muscle weakness and poor vision that hinders movement

Environment

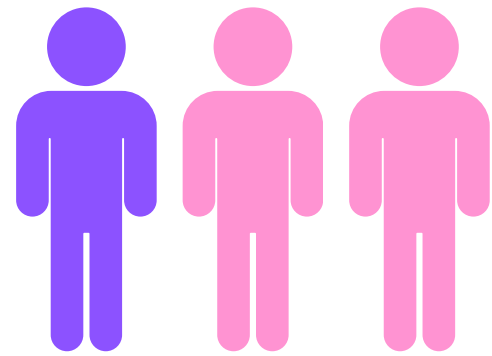

Poor environmental conditions such as wet floors and inadequate lighting can result in falls

The Problem

WHY #2: Why is this important to address?

HealthHub:

One in three people above 65
fall each year

40%

of injury-related deaths comes
from falls

30%

chances of **recurring** falls if
initial fall **wasn't addressed**

American Academy of Orthopaedic Surgeons:

OLDER HIP FRACTURE PATIENTS

20%

die within one year
after their fall

ONLY
25%

make a
complete recovery

50%

**BECOME
DEPENDENT**
on a cane or walker

We need a solution that:

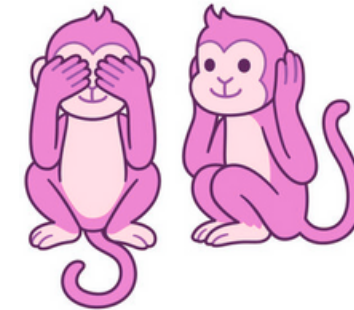

1

Minimises chances of a fall

2

Non-intrusive: no cameras or microphones

3

Considers multiple high-risk fall situations:

- Long, Hot Showers (faint from overheat)
- Slip on Wet Flooring (fall and consciousness check)
- Water Overflow (flooding hazard)

4

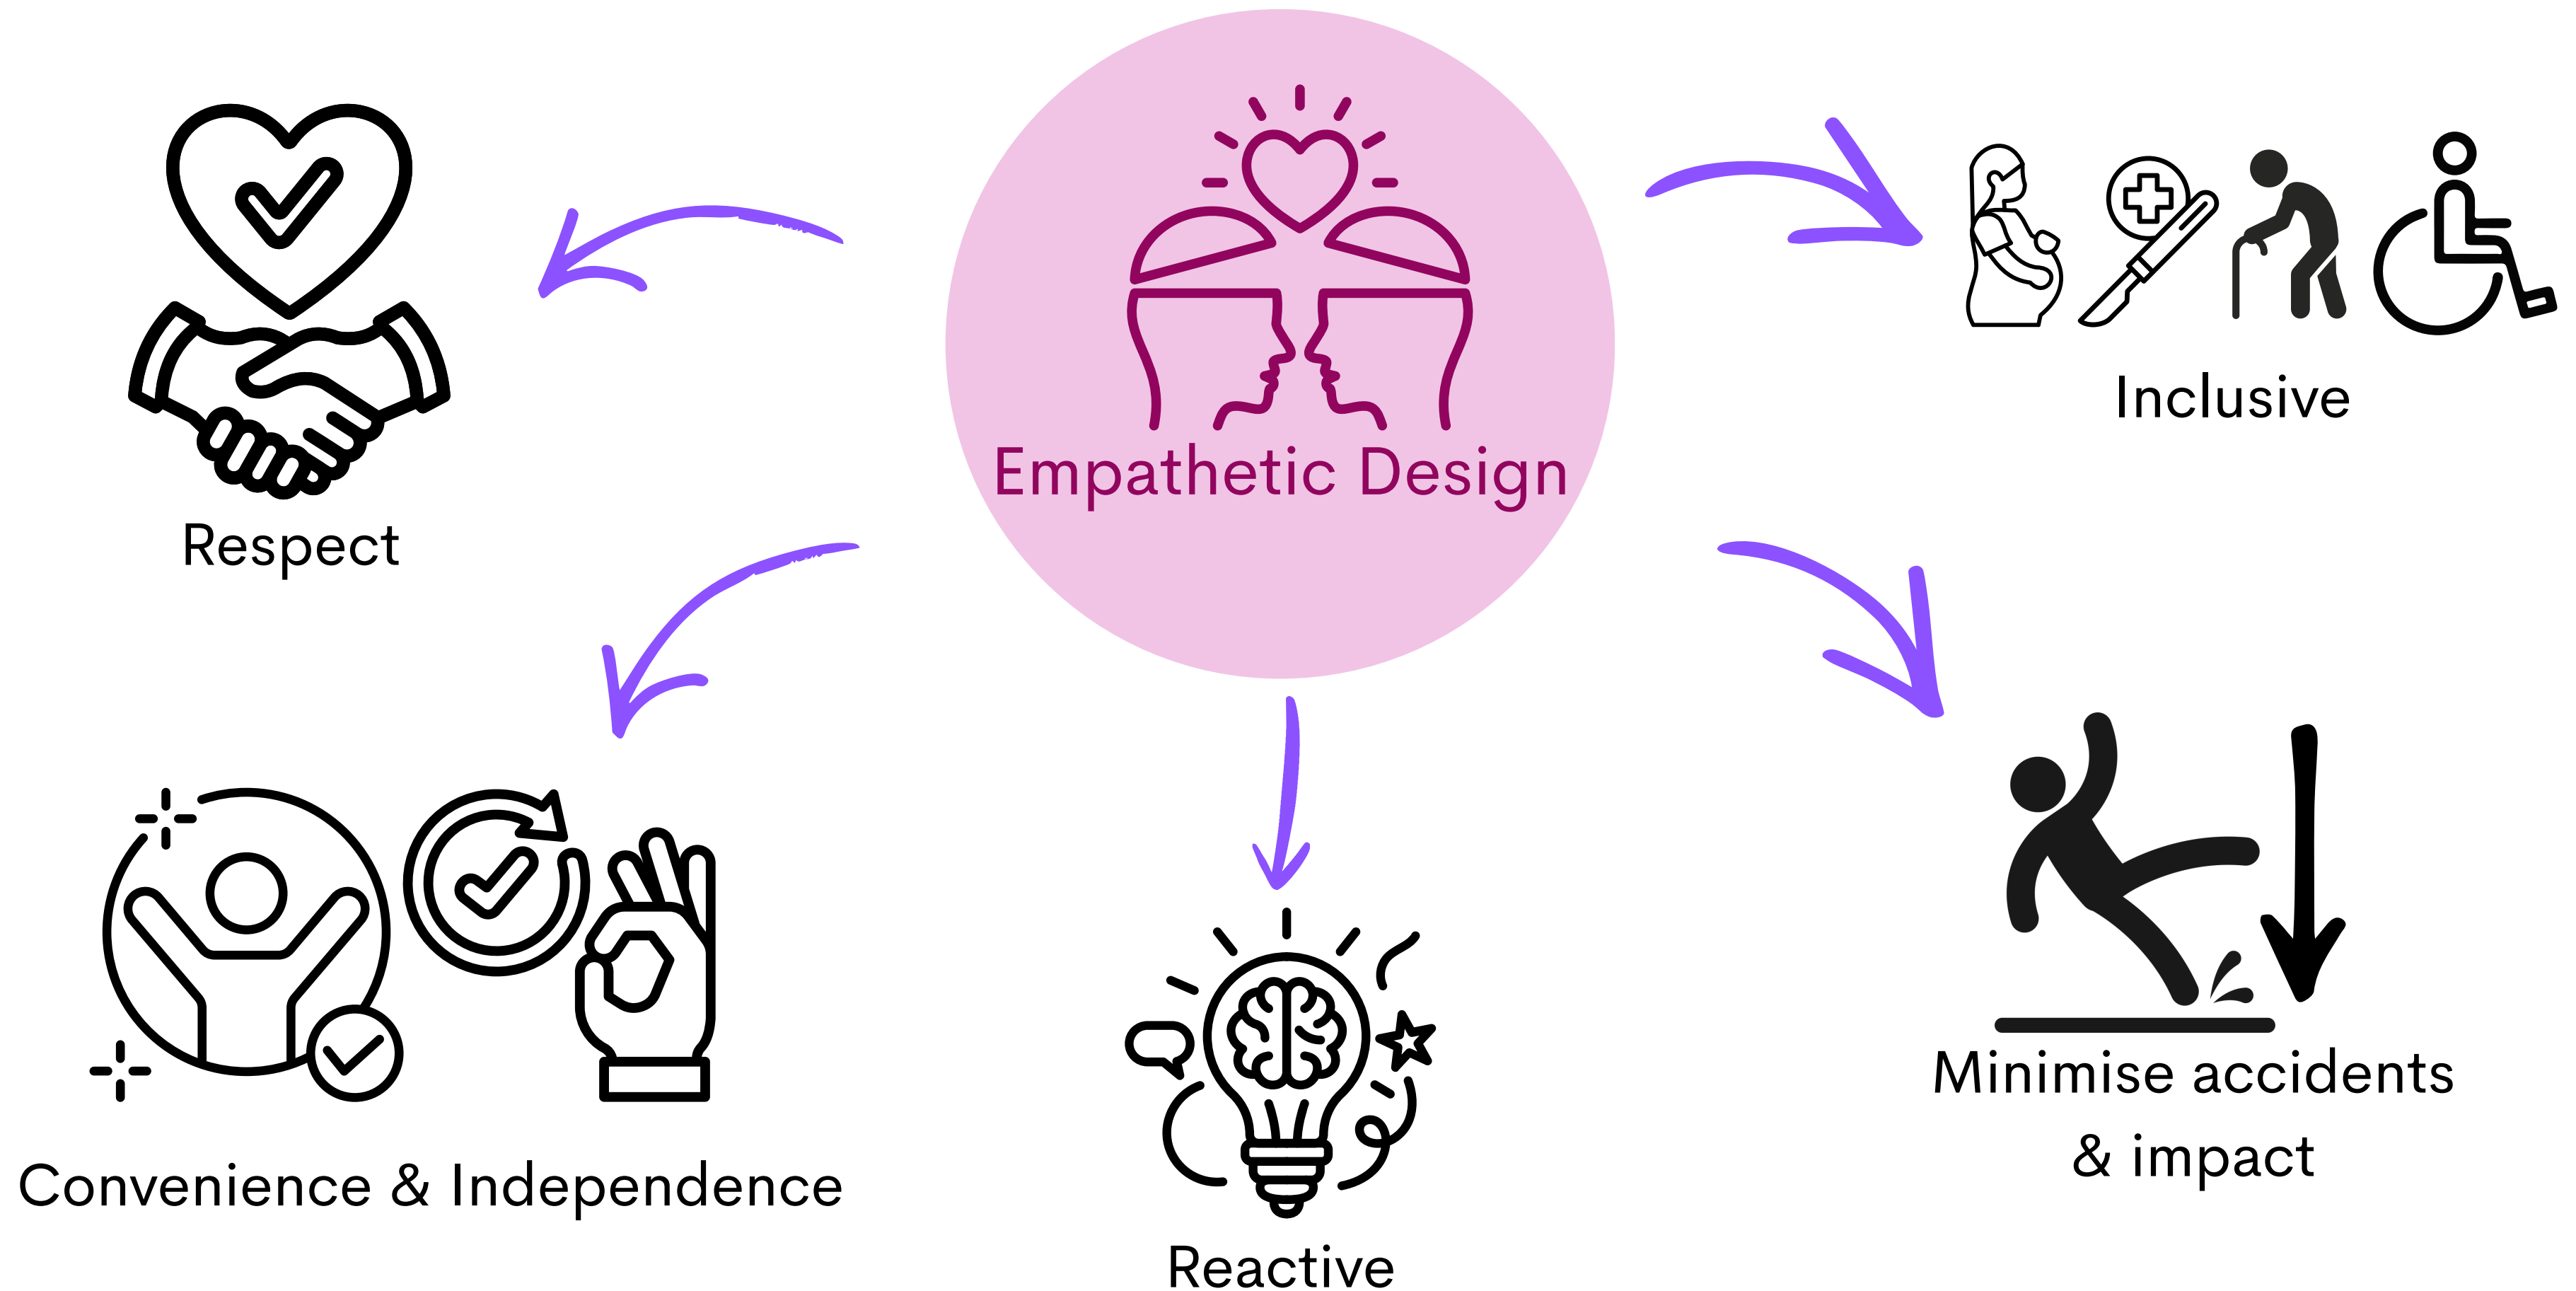

Prevent falls / reduce impact of falls

Current Products in the Market

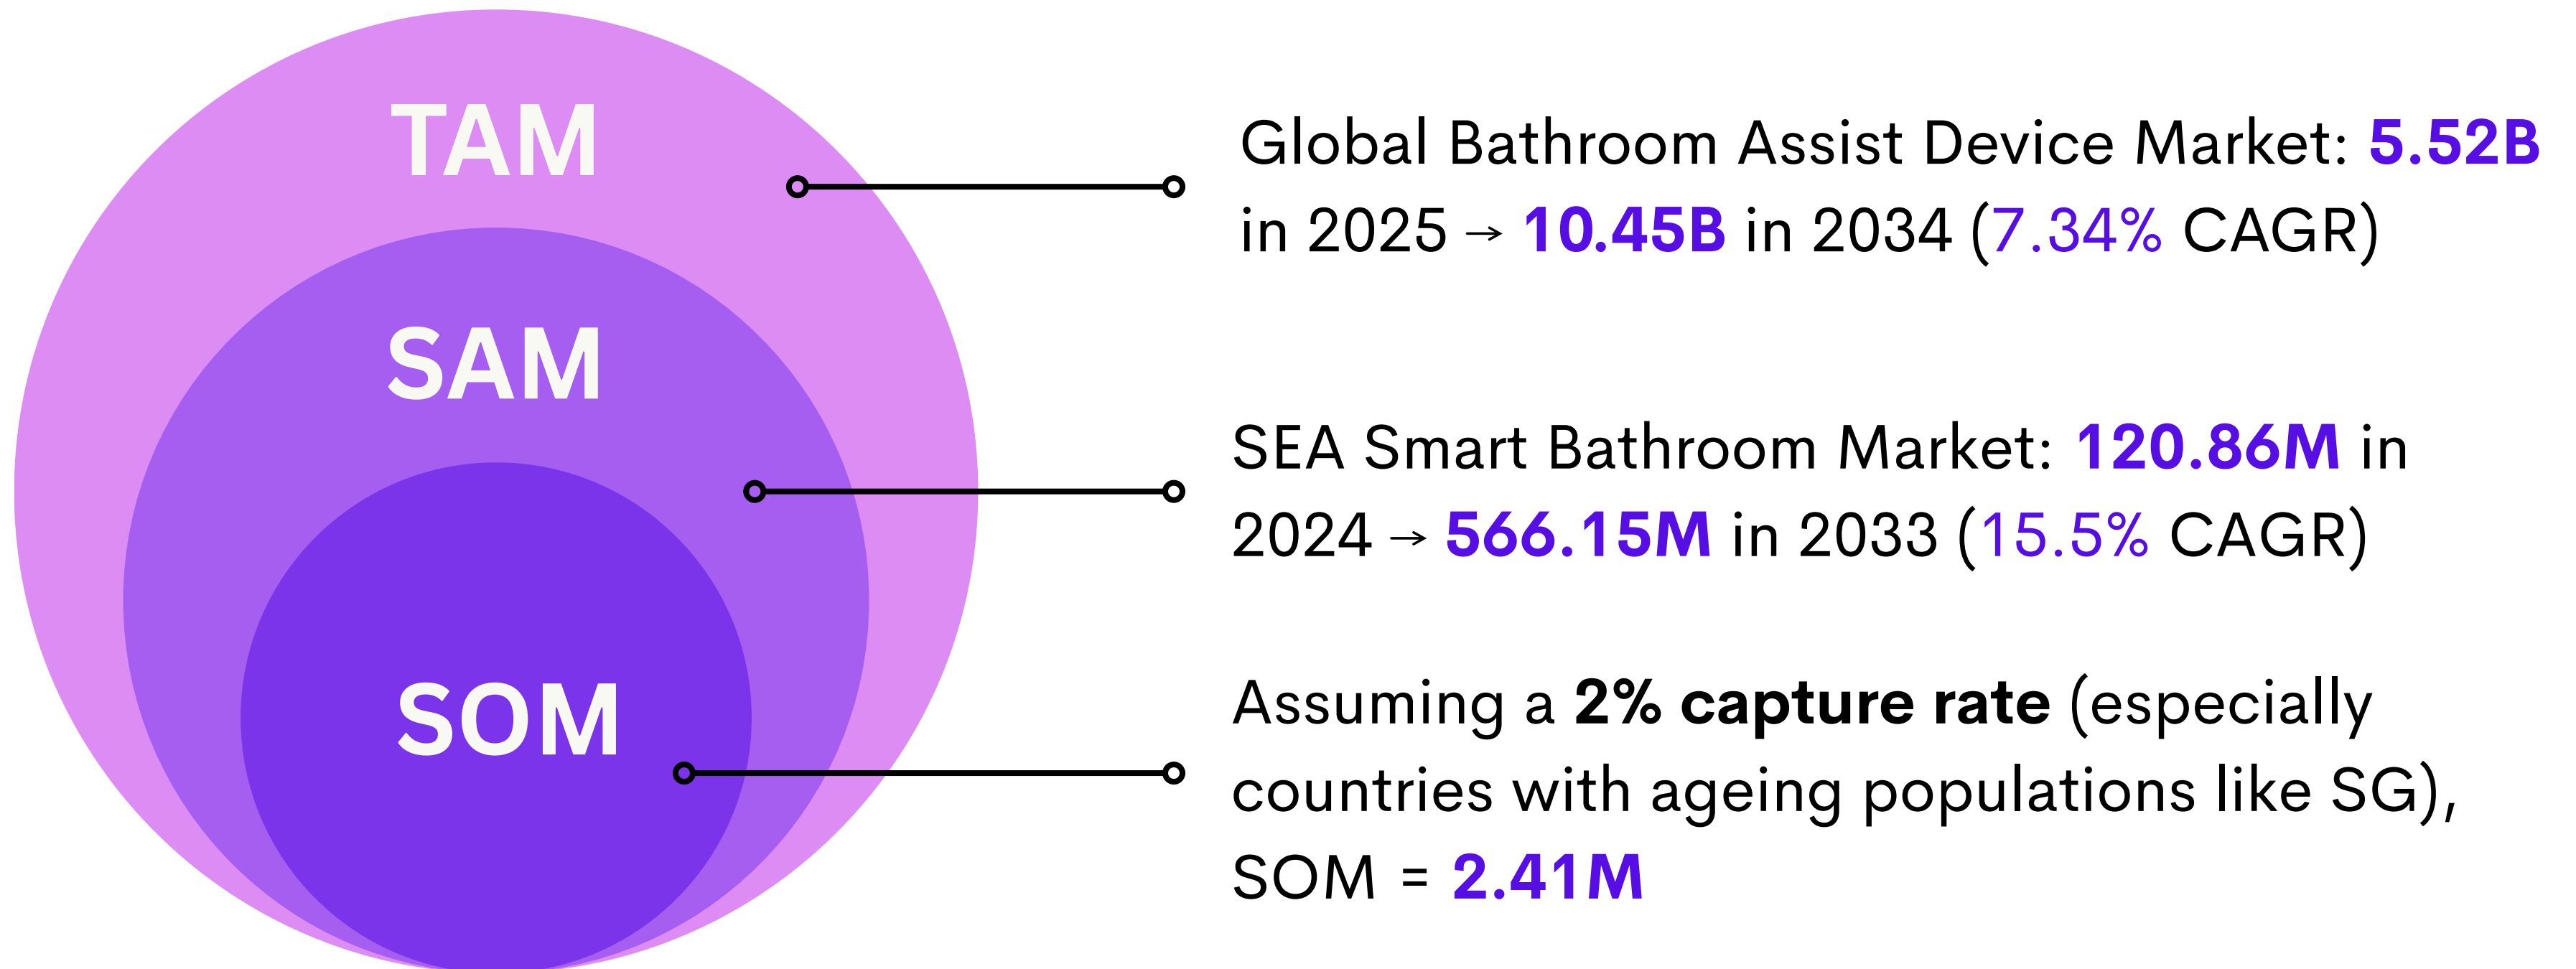

Product Name	 PreSAGE	 GETT	ShowerSafe
Privacy/Data Concerns	Temperature Readings (no patient information)	Non-intrusive	Non-intrusive
Technology used	• AI • Infrared Sensor	Radar	Sensors
Environment	Hospitals/Homes	Home/Living Room	Showers
Installation/Device	Wall mounted	Wall mounted	Chair

Why ShowerSafe over a normal chair?

Commercial Viability & Marketability

#1: Top-down approach

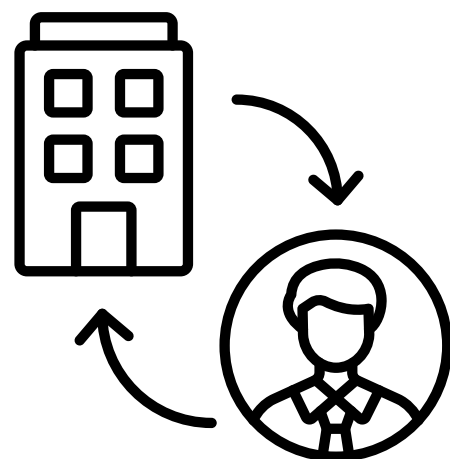

Commercial Viability & Marketability

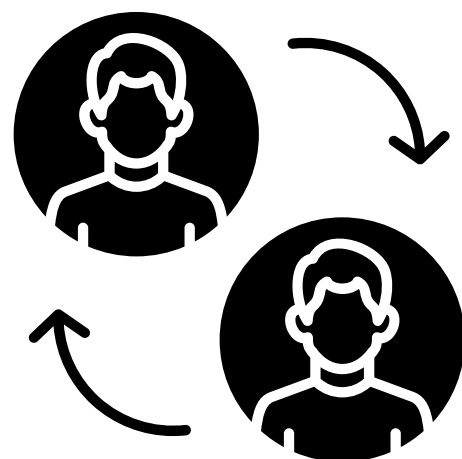

#2: Business Model and Scaling

One-time purchase; with regular maintenance services (every 6 months)

Revenue
Streams:

D2C

B2B partnerships

OEM
integrations

Examples:

AIA HealthShield Gold Max

HSBC Life Shield

GREAT SupremeHealth

Singlife Shield

IncomeShield

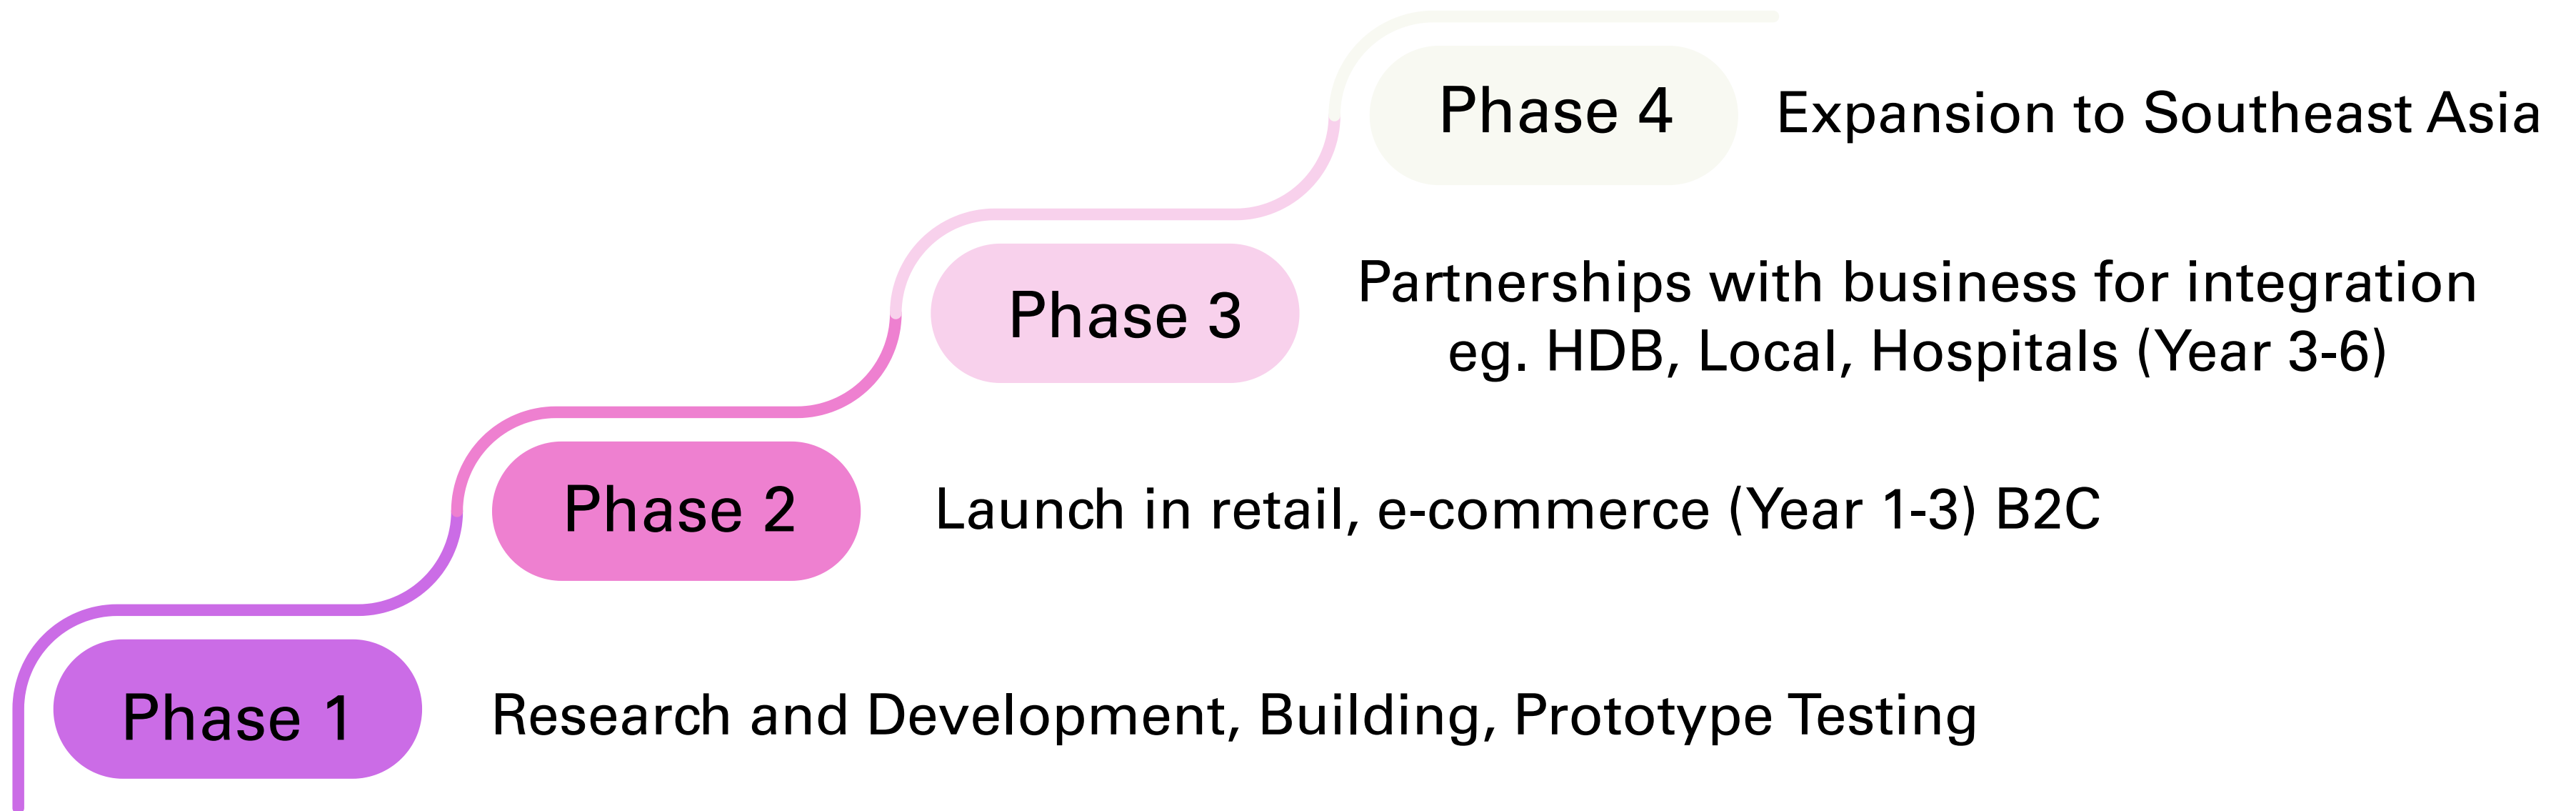

PRUShield

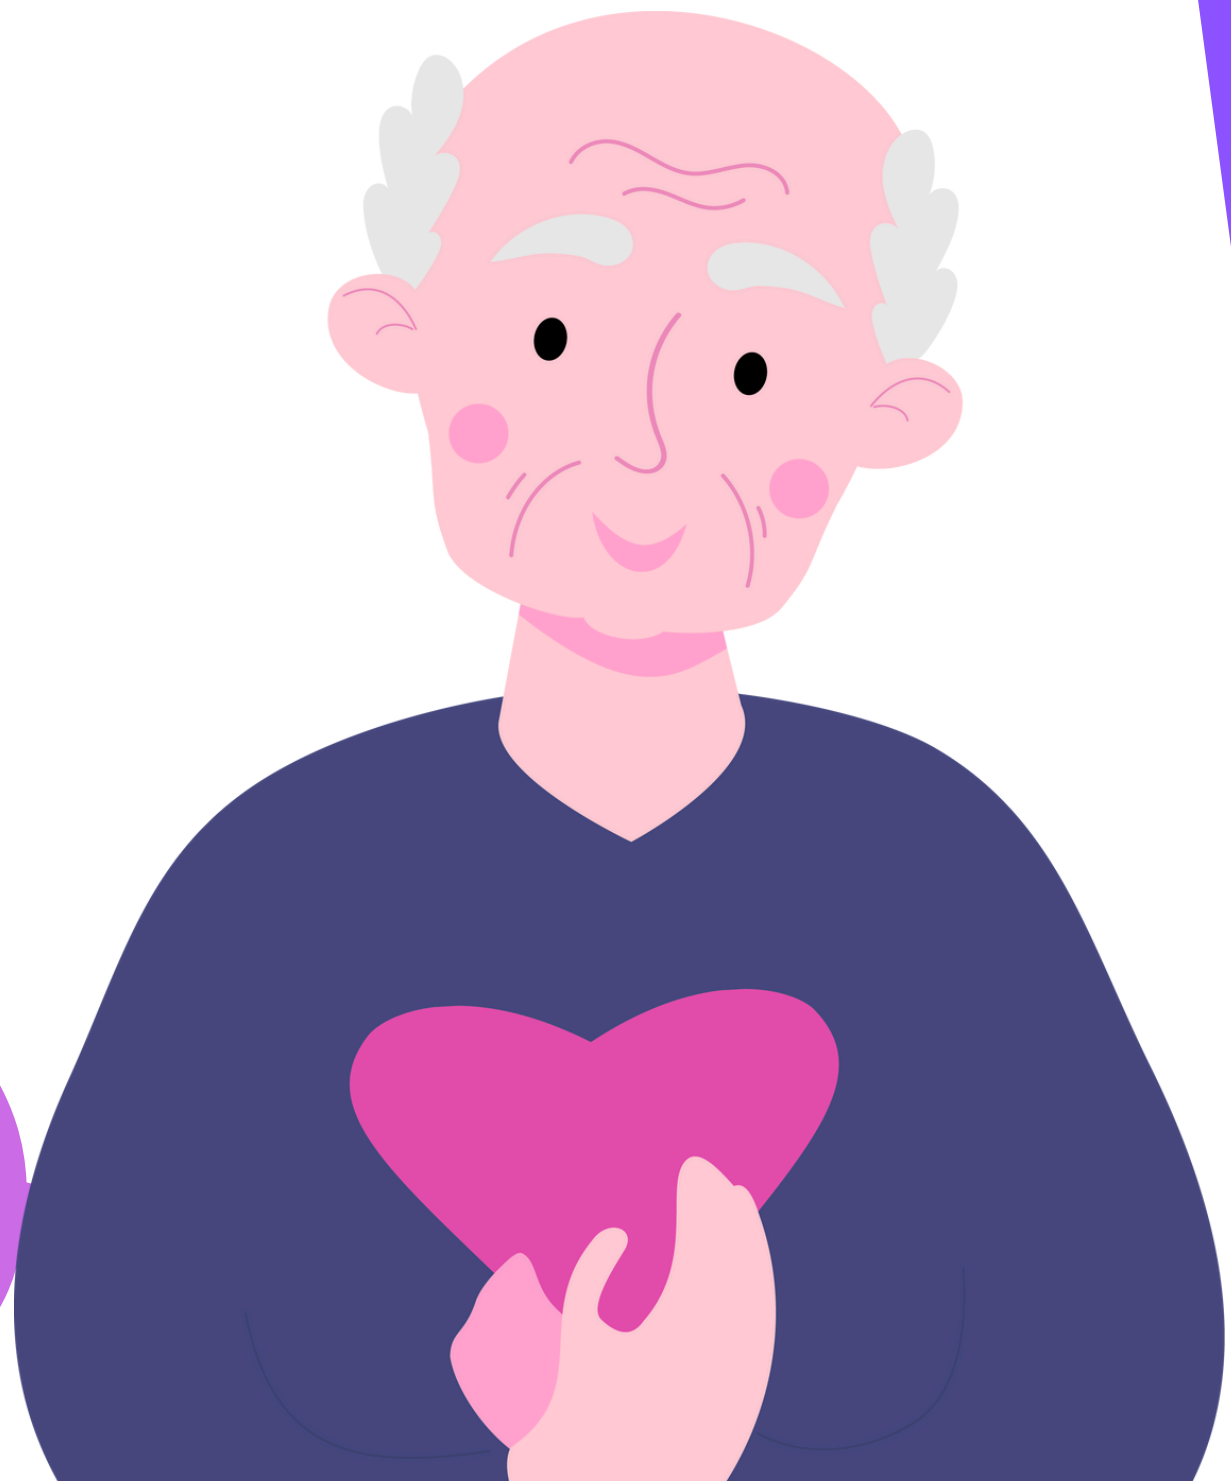

Raffles Shield

Commercial Viability & Marketability

#3: Business Timeline

An illustration of an elderly man with a balding head, grey hair on the sides, and rosy cheeks. He is wearing a dark blue sweater and holding a large pink heart with both hands. The background is white with purple decorative swirls.

THANK YOU!
